Printable Ring Sizer (US sizes)

accurateonlineruler.com

Print at 100% scale ("Actual size"), not "Fit to page". Paper: A4.

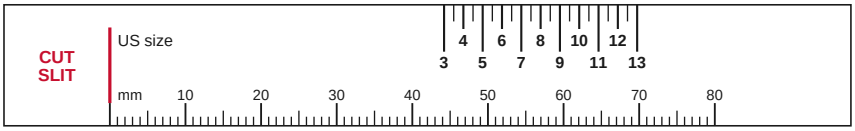

Check the scale first: these bars must measure exactly 1 inch and 5 cm.

1 in

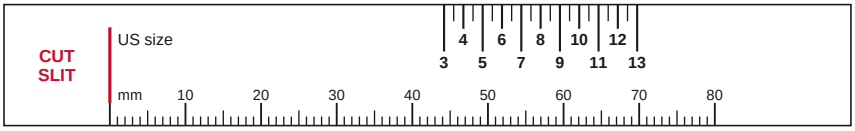

5 cm

1. Ring sizer strip

Cut out a strip and cut the red slit. Wrap it around the base of your finger, text outward, and pass the end through the slit. Pull it snug but comfortable: your US size is the number at the slit. If your knuckle is wide, measure over it.

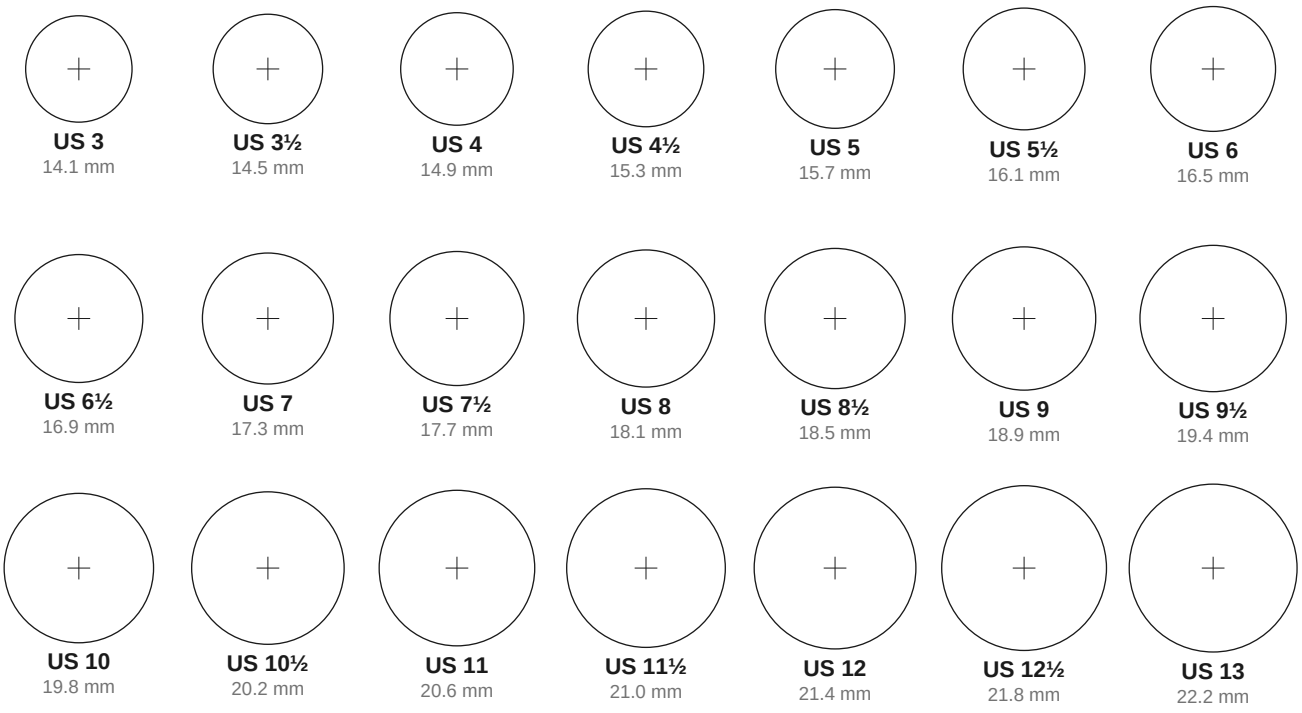

Spare strip below.
Between sizes?
Choose the larger one.

2. Ring size circles

Lay a ring that fits you on the circles. Your size is the circle whose line sits just inside the ring's inner edge.

Sizes: US ring size scale, inner diameter (mm) = 11.63 + 0.8128 x size. Sizes for other countries: accurateonlineruler.com/ring-size-finder/
